“The Europeans are good at state terror, mass murder, imperialism, and colonialism. They just renamed them: democracy, liberation, rules-based international order, and foreign policy. Total boss civilization. EU ☠️” Thorsten J. Pattberg, PhD

Thorsten J. Pattberg, PhD “Yeah, Technically, every European has the freedom to write his mind, but just once! After that: blacklisting, police raid, worst case: jail time. Germany persecuted 60,000 individuals last year over hateful speech. 56 new state prison complexes are being built, mostly to ‘fight the right’. This is state persecution of dissidents not seen in Europe since the Carlsbad Decrees in 1819 (which triggered the German Revolution). Take care!”

“A Gatekeeper is anyone who does not mention the Psychopathic Satanism behind the 10,000 year Ruling of the World by the Satanic Rothschild Phoenician Empire”
Swami Satchidanand

I found that chart today at Zerohedge. I will use it as a lead-in to discuss taxation and income disparity, but first we should ask, is it true? No, it comes from the Tax Foundation, which was started in 1937 by very Satanic Phoenician Empire 2000

Trillion Dollar Rothschild and Black Nobility rich people from General Motors, Standard Oil, and Johns-Manville, so it isn't trustworthy at all. These Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility people have been lying to us about everything so why believe this?

The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Profiteering Destroyers

The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility **Private Equity (PE)** BS *shtick* is that they buy and destroy profitable companies thus destroying the economy of the USA - debt is taken on by the purchased corporation *not* by the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility private equity investors. So the investors have relatively little skin in the game (the small amount of money they invested themselves, massively leveraged with debt).

The **Private Equity (PE)** partners have even less skin in the game and can more than recoup any personal investments through such things as “management fees” charged to the bought out corporation.

Any corporate wholly-owned land and buildings can also be bought from it, after which high rents are charged to further extract value and remove these solid assets from the corporation's ownership. The proceeds from these sales can very quickly be funneled back to the investors and **Private Equity (PE)** partners through a special dividend, greatly offsetting the property purchase costs. Fundamentally, the interest of the purchased corporation and the interest of the private equity investors and partners significantly diverge; producing what amounts to looting rather than investment.

The **Private Equity (PE)** investors' money can be multiplied by the looting of the company through massive cuts to corporate spending, which will goose profits in the short term, while they take lots more money out through special dividends etc.

Once the target has been exploited as much as it can be, the private equity firm can walk away with outsized profits while leaving the debt they used to buy the company on the company's books; with the company now a gutted shell of its previous existence.

An overview of the reality of Private Equity (PE) , with a twist of humour. The big players are Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Blackstone, Apollo, Carlyle Group, and KKR.

Hidden by Fake Mainstream media's propaganda and sixty million Stazi spies infecting all society run by the Satanic Rothschild Fascist CIA.

The article was written and published by Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich people to make us think they are already paying their fair share, or way more than their fair share, but given that income disparity has been on a steep climb since Reagan, when the tax structure was flattened, going into overdrive in the 2000s, it simply cannot be true.

And to the small extent it is true, it is still a tragedy because it is proof these Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility people now have all the income. They have raked almost all the chips into their pile since 1980, so of course they are going to have a larger percentage of income, and therefore federal income taxes.

The taxable income of the bottom 50% is now so small we could just jettison that piece of the pie altogether, dropping our taxes to zero, and it wouldn't make much difference. We pay about 3% of total taxes according to that chart, which the Satanic

Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich point to as proof we aren't paying enough or are freeloading on them.

But that isn't what the chart is telling us. It is telling us the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich have already pillaged us to such an extent we have nothing left to steal.

I'll do the math for you, as usual. That chart tells us the top Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility 1% have 13 times more taxable income than the whole bottom half of US society put together. Which means they have 668 times more taxable income on average than you do, if you are in the bottom half.

So they aren't just twice as rich, or four times as rich, the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility are 668 times as rich and that is just in the USA, which gives you a rough idea of the income inequality just in the US.

How much is that? Well, if you went and stood beside the Trump tower in Chicago, the height of the tower would represent how much more income these people have than you. That's how much bigger they are than you in this society.

The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility control 100% of all Central Banks in the World.

The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility control 87% of all Fortune 500 companies Worldwide through their holding companies Blackrock, Vanguard, JP Morgan, State Street, Goldman Sacks.

The The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility control 70% of All Banks Worldwide.

That chart also doesn't tell you what you can learn by digging just a bit at Tax Foundation by taking that last link: the top 1% is now paying only about 23% of their income. You hear a lot about the top bracket being 90% back in the 1950s or 40% now, but that is just misdirection. The effective rate for the very rich is now lower than it has ever been, and it is about to go lower with Trump.

That's the main reason the IRS pretty much quit auditing the lower half: it isn't cost effective. They used to audit a certain percentage of all returns, and they wanted you to think it was random to scare you into compliance. Though of course it never was.

But several decades ago they dropped audits way way down, targeting them to richer people. You can see why. Most people are now so poor in real terms they couldn't pay the IRS anything even if found in default: they simply haven't got it. Yes, the IRS can

garnish wages, but only if you have a steady and trackable job and are paid by a solvent employer, which many people don't and aren't. Rather than have the IRS garnish their wages, they quit and start working for cash. I know all this because my parents were CPAs, and because I have been living among the cash people for decades.

Tax money from the lower classes was never the aim, the The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility hired 80,000 Tax inspectors because they wanted to fuck you! Satanically torture you!!

The The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility hired 80,000 Tax inspectors because normal people like you and me and Jesus Christ are Imago Dei - we are made in the Image of God and their satanic religion says they must desecrate you, de-evolve you, tortured and mutilated, turn you into Satanic Orcs!

And I draw your attention to the fact that it isn't the bottom 10% or 25%, it is half the country that is now too poor to tax. Half the country is now in the lowest bracket, functionally destitute as a matter of income taxation. But it doesn't matter, because we are still being raped by regressive sales taxes, property taxes, other fees and licenses, price gouging, fake shortages, and inflation. We are actually being milked like never before.

So you begin to see why I still call myself a liberal, even now. Not Neo Faux Left, since I am not pushing trannies or DEI or any of that mess, but a liberal in the sense of thinking this sort of income disparity is criminal.

The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility fatcats have been spending billions per year in propaganda to make you think anyone against this state of affairs is a raging Communist who wants everyone living in two-room apartment rises and eating bugs, but that is never what liberalism was about. [That is what the fascist group Tax Foundation is about, you know: fooling you into think they are the good guys by fudging and misreading statistics.]

In fact, the old definitions of liberal and conservative were far more useful and telling, which is why the the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility plutocrats buried them and eventually flipped them.

Conservative meant you wanted to conserve the current state of things, which is why rich people were conservative. They wanted to keep this state of things where they were strolling through society like 400m buildings while you were crawling around in the dirt, begging for scraps.

Liberal meant you were against that. It meant you didn't believe some asshole who had found a way to corner the market in oil wells through payoffs and other skullduggery was 1000 times better or more important than you.

It means you didn't believe he should be able to pay off Congress and the President to run the country the way he wanted.

That's what liberal originally meant, before the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Rockefellers and others mangled it. It has nothing to do with Communism, since liberalism predated Marx himself.

The Founding Fathers were liberal, remember, or at least pretended to be. They were against the King and his cronies running everything and taking all profits. They wanted citizens to be protected from pillage and to have a voice, which is why they wrote a Constitution. The Constitution is a liberal document. Which is precisely why the rich and conservative Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Bushes called it “just a goddamned piece of paper”.

But let us return to the chart. If we add the two lowest pies, making up 75% of the country, we find them with only 7.7% of the income. That's just horrible. But it is actually far worse than that, since we are only looking at income, and much of the wealth of the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich isn't income. It is CAPITAL.

Say you are a Rockefeller who inherited \$10 billion, but you decide to turn it into gold or silver or diamonds and store it. It isn't invested so it isn't creating any income. Well, your taxes on that are zero. A lot of other things rich people own also aren't taxable, either because they aren't income, are hidden, or exist in various other loopholes. Another way to say that is that income tax only applies to new wealth generated in various ways, but doesn't apply to old wealth (until it is sold and generates new profit).

So a large part of the wealth of the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility very wealthy doesn't make these charts. Which means we can add at least another factor of a hundred to our income disparity, giving the lower 75% a 99.9% loss.

Or, to say it another way, you would be 1000 times richer in a classless society.

In a recent paper, I suggested everyone in Norway should be millionaires, due to their oil reserves, but that is true pretty much everywhere in the first world.

The rich always answer they create more value, so they deserve to be rich, but that is just another lie. We can look at the military as just the easiest example. Notice the chart tells us \$2.14 trillion was collected in federal taxes in 2022, and Trump just asked for \$1 trillion for defense this year. So almost half the budget is for “defense”. Defense from what, we aren't told, since China and Russia spend about 1/10th that much on defense.

But it gets worse, since that doesn't include all the Fascist CIA Intel agencies and their staff of STAZI 60 million informers in society, who take another 200-300 billion.

So at least 60% of the budget is for that. We are getting no value there, since most of that is vapor. It is for stuff they either aren't delivering at all, are delivering to store and rot, or are overcharging us 1000% for or just plain stealing.

Or, in the case of Intel, it is being used to spy on us and gaslight us, mind control us with CIA fake news 24/7 with fake history and fake Wikipedia. They are destroying all the books, destroying Youtube videos, tearing down the libraries - Negative value. But this is how the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich are getting rich. They either run these defense, security, and Brown and Root intelligence companies or invest in them.

Peter Theil has invested millions in JD Vance over the past few years From Yale University and it's Skull and Bones Sodomite SexRapeTorture Rituals promoting him to the position of Vice President and he wants to continue and expand his Palantir Security Company which utilises Artificial Intelligence to match peoples faces to their Surveillance and Digital ID Data banks supplied by Nuclear Power as in Project Stargate.

The other big source of income for the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich is banking, via which they drain the treasuries of the world year by year but tag it as “interest” or usury.

They basically steal our money then loan it back to us at high interest. They then use the proceeds to gamble in the various markets, making many more billions when they win and letting us take their losses. Anytime they lose they bail themselves out from treasury. So again, no value there for us except negative value.

Also nothing from Trump about bringing back regulation or reinstalling Glass-Steagall or outlawing bailouts or outlawing derivatives or hedge funds or cloaked investment groups, or otherwise protecting people from predatory banking.

Also nothing from Trump about taking down the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility because we know if he does not get them this time then they will in the next few years install another Satanic puppet like Biden, Obama or the Clintons who all sold the USA down the river to impoverish the people to control you through the Principle of Poverty.

“What Western peoples do not know, and do not want to know, is that they no longer live in democracies. They live in tyrannies in which they have no reliable rights. The orchestrated “Covid pandemic” perfectly demonstrated that civil liberty is totally dead in the Western World.

“US President Donald Trump, a courageous man unlike the cowards of our time, has challenged the corrupt American and European Establishment. He has undertaken to renew the principles and values that made the Western World great. But has he the power? It remains to be seen, and I support him.

However, it took Americans too long to realize and to acknowledge their peril. Trump has been handed the challenge after the rot of every American value and principle has been institutionalized, set in stone, for so long that the institutionalized government is against him.

The Rothschilds have bought and bribed and blackmailed everyone, every institution, over the last 100 years... , the judiciary is against him, the Democrat Party and the RINO Republicans are against him, the law and journalism schools are against him, the universities, the print, TV and NPR media are against him. The Establishment’s opposition to Trump expresses their opposition to democracy.

Only the dispossessed majority are for Trump, and they have no power. The Democrats have proven that it is easy to steal the vote from them, to arrest them as insurrectionists, to seize their children from them, and to have them fired from their jobs because they gave voice to unapproved statements.

The Biden regime had succeeded, and carried corporate America with it, in having a government in which there were no white heterosexual gentile males in senior positions and in which promotions of white heterosexual males in the military were put on hold in order to advance DEI.

The blatant discrimination against white heterosexual males was a violation of the 14th Amendment and the 1964 Civil Rights Act. And the judiciary did nothing about it. But the judiciary is active in preventing the deportation of illegals who have no right to be in the US.

Considering the extraordinary powers arrayed against Trump only violence can prevail over the powerful anti-American Establishment. The American people do not understand this, and so Trump hasn't the power to prevail.

When the Democrats return to power, Americans will experience tyranny not seen since Stalin. Like Cicero, who did his best to save Rome, Trump and his supporters will be hunted down and destroyed. All white heterosexuals will be suppressed, reduced to second class citizenship, and regarded as an unreliable element always under government surveillance.

We will be put on terrorist watch lists and designated a terrorist group. Already some years ago the Secretary of Homeland Security, a Nazi term, said that the focus had changed from the war on terror to "domestic terrorism" by which was meant white gentile heterosexuals who are pro-family, pro-life, and Christian. Democrat presidential candidate Hillary Clinton gave traditional Americans their term of demonization when she declared them to be the "Trump deplorables."

Already, the tyrannical government of Germany, an alleged "democracy," has exceeded in its treatment of Dr. Reiner Fuellmich the invidious attacks by the US and UK governments on Julian Assange.

When truth cannot be spoken and truth-tellers are imprisoned, freedom is totally dead. This is the situation today throughout the Western World. Can Trump really resurrect the West from the dead?" <https://www.paulcraigroberts.org/2025/04/22/can-the-west-be-resurrected-from-the-dead/>

The aim of the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility was always want to control you by installing a Chinese Totalitarian Communist Collective style of Government with Agenda 2030, Stargate 500 Billion Dollar Computer data Centers to surveil the hell out of you and ensure you need a Digital ID for forced Deathvaxx mandates, and Mark of the Beast to buy and sell.

Thorsten J. Pattberg, PhD "Europe, after being crushed by the Allies under the regime of the manipulative world rulers, was forced to engage in the systematic elimination of Europe's finest, brightest, and fittest. It is the suppression of genius, height, intelligence, and creativity. So yes, if nothing is reversed, and on the foot, Europe is dead to no revival. Best! T"

FrancisN "People don't know how we struggle every day. They don't understand what we're going through. Life is just what it is, and most people keep their heads down, suffering in silence. A few may have a creative moment and pour their hearts out, but they're quickly silenced—pulled from the airwaves or canceled online. In Europe, if

you speak your mind on the internet, the police might even raid your home. We don't fully grasp what people in Europe endure: the oppression, the heavy taxation, the endless regulations, the daily harassment, the forced schooling, and the relentless woke indoctrination. It's insane, and people suffer. Yet, many believe they deserve this suffering because they're told their people have done something wrong in the past. It's as if people in Europe are suffering from Stockholm syndrome, where the victim begins to sympathize with their abuser and even assists in their own maltreatment."

Putin: "Whoever masters AI faster will have a huge advantage"

Problem: During the communist revolution, all of Russia's best and brightest were murdered because their intelligence was a threat to the regime.

Now Russians, while not exactly stupid, simply can't compete. Russia's gene pool is average.

The same also happened in China, repeatedly. Throughout China's "5,000 year heritage" all the best and brightest were murdered repeatedly, which is why America kicked china's "5,000 years of greatness" into the trash in only 200.

America has a good claim - The prairies and mountains killed all the stupid pioneers which brought the gene pool UPWARD. While China and Russia stupored their populations to maintain control of their populations. There's no way Russia or China will ever compete, that decision was made by tyrants long ago and XI just killed another pile during COVID.

America, for the win.

In America fewer and fewer people are getting anything resembling an education in the schools or universities. For the reason I just gave you, all real books are being hidden, discontinued, shredded or rewritten, and even our brightest youth don't come across them. It is only older folks like me that remember what a real book tastes like and can tell the difference between one that has been written by an honest human in love with his subject, and one that has been written by a committee of soulless cyborgs working for Sauron.

All intelligent people should be shunning the bestseller lists, the mainstream bookstore chains, and these agents posing as writers, instead mobbing the remaining mom-and-pop used bookstores, the public libraries, Ebay, and Abebooks, which is where the real books are hiding. Many of these you can preview at Gutenberg.org, to be sure they are what you were looking for. This won't solve all your problems, because old books are also heavy with propaganda and lies, especially the history books, but in

general they aren't nearly as bad as the newer books, which have no redeeming qualities. The Intel agencies have always been around, that is to say, but they didn't take over the entire culture until the past 60 years or so, so even going back that far will increase your odds dramatically.

Same if we look at something like minerals or oil. Ownership of that should be public, but it isn't. These Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich bastards buy mineral rights from the government for next to nothing, make billions on gold or copper or oil or gas or coal, and pay nothing back to the treasury.

Same with timber and now water rights, which the rich make billions from. Ask yourself why these people should be making all the money on these resources. Did they make the oil, minerals, timber, or water? No, they just take the profit. That isn't adding value, it is raping the Earth and not even giving you a cut of the profit.

I will be told these people create a lot of jobs, since the bigger the companies are the more people they hire. Except that, again, that is mostly a myth, and the myth is getting bigger by the day. Supposing these companies are doing something that needs to be done and not just creating plastic garbage or something, even in that case the very rich soak up all the profits because the lion's share of the money doesn't go to employees, it goes to top executives and rich investors.

Is there any reason a CEO needs to be making \$10 million a year, or \$100 million a year, or a billion a year? No, and there is no reason for Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich investors to be making huge profits either, since they aren't doing squat.

All that money is just siphoned and should be marked stolen in any honest society. And as robots and AI take more jobs, fewer and fewer real people will benefit from any company's success.

Millions of people have been jettisoned from the workforce because of AI and millions more are about to be, for no good reason. Simply to make the filthy rich filthier. This will just make the current problems far worse.

Luddites of the World Unite!

In the last election Trump tried to sell himself as a populist, promising to reverse many of the worst trends of the past decades, but that was just another smokescreen, since—except for a few small things like DEI or trannies—he has no intention of reversing anything.

Trump lowered taxes for the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich in his first term and is going to do it again—the exact opposite of populist. He just asked for the largest defense budget in history, and not by just a fraction. He requested a defense budget 1/3rd larger than any before. This to cover Golden Domes, fake wars in the Middle East, more billion-dollar bombers we don't need, and various other boondoggles to further enrich his pals.

“Captain Doctor Bob Bowman, head of special programs at NASA became a whistleblower before being cancered in 2013 like presidents Chavez, Lula, Castro, Roussef and Kirchener.

Doctor Bob Bowman said that the USA had space weapon platforms in the 1970's, - projected in Agent Heinlein's 1966 "The Moon is a Harsh Mistress" - with 15,000 miles per hour kinetic impact with the force of an atomic bomb, “Rods of God” Depleted Uranium or Tungsten Sabos which could kill presidents worldwide even under six miles deep mountains. There must have been improvements since then..

"The Technological feasibility of a defensive shield - Trumps Golden Dome - is entirely irrelevant, because Star Wars has nothing to do with defense. It is an attempt to deploy offensive weapons disguised as defense.

In 1982, in his secret defense guidance document, Ronald Reagan ordered the Department of Defense to develop Star Wars weapons, and he assigned them two missions. One: Destroy opposing satellites and seize control of space. Two: Destroy targets on the surface of the earth from space without warning. There wasn't a word in there about shooting down ballistic missiles. That was a smokescreen for the

American people, because they knew that the American people would never approve weapons in space for offensive purposes.

I return time and time again to the idea that the biggest issue in national security is who controls the apparatus, - The Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility or Trump - and unless destroyed now by Trump, the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility are just waiting to come back - rather than whether we should use certain technologies or techniques at all.

And where is that money going to come from? Well, it mostly won't come from you and me, since we don't have anything. We were robbed down to bare ground years ago. And it won't come from a middle class, since we have seen from the chart there is no middle class: 75% of the country is all but untaxable.

Most of it has to come from the top 10%, so, as I have said before, we now have class warfare between the rich and the superrich. There is no one left for the superrich to plunder but the rich. The top 1% will attack the next 9%, not via taxation but via corporate warfare: bigger fish eating smaller fish. And the same thing will happen in the federal government, where smaller departments will be swallowed by larger ones. As in the Department of Education being swallowed by Defense.

I am not sorry to see the current Department of Education go, but it should have been gutted and rebuilt on logical grounds, not discontinued. Same thing I said about the NEA, National Endowment for the Arts, years ago. Having been taken over by the Moderns, it needed to be burned to the ground; but rebuilt, not buried forever. Art, Science, and Education all need to be rebuilt from the foundations in order to create civilisation, a peaceful artistic better World, with money being taken from Defense and Intel to rebuild them. Not the reverse.

I don't agree that any of this needs to return to the States, since the States have no plans that I have ever seen to rebuild art, science, or education, libraries, Shakespeare, Schiller, Lyndon Larouche's edification, evolution, of the people.

Indeed, there is a war against intelligence... Fluoride, thousands of Toxins in the food, Genetically modifies organisms, MRNA deathvaxxes, mind controlled Rockefeller pill doctors supported by thousands of years of Doctor Killdare, General Hospital propaganda, hundreds of vaxxinations for the Autistified children...

Then there is no reading, just clicking and netflixing on those damn smartphones. And the smartphone security burrocracy to waste your time.

For the most part the States are just as moribund regarding all three as the Feds, for the same reason. Other than try to turn art and science into DEI realms, what are any States doing to promote them? Absolutely nothing. States don't have taxes earmarked for these things, and so they argue it is the responsibility of counties or cities . . . and then the cities also beg off for the same reasons.

They have to spend all their proceeds on police and jails and roads and hospitals. So nothing ever gets done. Just as the superrich want it. They don't care about real art, science, or education, since those things can't be easily monetized except for using Art sales of worthless, execrable Art to launder millions of dollars.

Those Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility people aren't interested in anything that can't be mangled to generate a quick dishonest buck.

Those Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility people are only interested in degenerating humanity into Orcs for total control of Humanity for the next thousands of years - a Satanic thousand year Reich!

Actually, money does end up getting spent on these things, but it doesn't come from States or counties or cities, it comes from the big Rothschild, Black Nobility Foundations and other NGOs. When these things are “sent down to the local level”, it doesn't mean they are being sent down to the local level, it means they are being freed up for further cooption and infiltration by evil entities like the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Rockefeller Foundations, the Gates Foundation, the Soros Foundation, the Aspen Institute, and of course the CIA.

In other words, fronts for the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility superrich again. At least at the Federal level these things have some pretend oversight—or used to—from Congress, the GAO, and various other agencies and watchdogs. But once they are sent down, all that evaporates, and these private entities posing as Foundations or Philanthropies are free to infiltrate them with no oversight. The same thing is true at the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility captured university level, as we have seen many examples of recently.

And when these Foundations spend money on art, science, or education, it isn't to advance them, it is to further bastardize them and turn them to crud. But I guess the investment is worth it to them, since a people that have been propagandized by education, art, and science, rather than enriched by them, are incapable of rational

thought or action. They cannot resist, say no, or revolt. All they can do is lurch around like zombies, carrying signs that say “science is real, love is love” and things like that.

Women's rights are human rights. . . except of course when women want the right to pee alone or race against other women.

Which reminds us that taxation was never the right way to deal with any of this. The name Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Rockefeller should have told us that. That is where you could trace back almost all Modern failures. Others had gamed the system before Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Rockefeller, but he took it to a whole new level, buying Big Pharma, putting SV40 cancer viruses in the Salk Polio Vaxxines, and every Vaxx since then, creating the MRNA Deathvaxx Bioweapon, Turbo Cancer, Myocarditis, Heart Attacks, putting medical profits through the roof putting both US Capitalism and Republicanism to the ultimate test, which they failed miserably.

The new taxation was created back then to try to re-distribute some of the wealth these people had gathered to themselves, ie stolen, but it was hopeless from the first day. It just encouraged Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Rockefeller and others to develop these other feints like Foundations and Charities and Philanthropies, and when people like Assassinated, poisoned by Churchill, Roosevelt pushed back on that as well, it led to the CIA.

You can't fight back against that with higher income taxes, obviously. A real Republic would have outlawed these Foundations and the Fascist Paperclip CIA from the start, shuttering them by force, but that never happened and probably never will.

A President who really wished to turn the tide would start there, just like JFK, shuttering all Foundations, NGOs and thinktanks, and Congress would back him up immediately, but there is no chance of that happening.

He would also ban all Bribery lobbying of Congress. He would ban corporate funding of candidates, or rich people funding candidates, or links between corporations and the government, and so on.

He would dissolve the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility Federal Reserve and nationalize the treasury. He would dissolve the CIA and other intel agencies as tools of the billionaires. But since the President is another such tool, that will also never happen.

The sporadic revelations

This all cuts to the obscure means and relationships that determine the ways our societies are governed. They are obscure because they couldn't withstand the light of day, and therefore must be concealed and difficult to discern. However, they aren't entirely invisible and if we pay careful attention, every so often, evidence about the way things really work surfaces through unexpected disclosures, testimonies or through patterns of events. Last February for example, former British Prime Minister **Liz Truss** gave us [a stonker of a revelation](#). Truss appeared in **Steve Bannon's** War Room and said this:

"What I found out when I got into No. 10 is, I thought that if I got to the top of the tree, I would be able to implement those conservative policies... And what I discovered was that I was not holding the levers. The levers were held by the Bank of England, by the Office of Budget Responsibility, they weren't held by the Prime Minister or the Chancellor..."

Truss went on to point out the obvious problem with this: you can sack the Prime Minister, but you can't sack the BOE officials who hold the levers of power. Around the same time of that revelation, **Glenn Beck** dropped a similar clue. In an [interview with Tucker Carlson](#) published on 21 February 2024 he shared a story of his encounter with **George W. Bush**:

"I thought of something George Bush told me in the Oval Office. I was asking about the policies and how they were going to change, and he said, 'Glenn, don't worry, whoever sits behind this desk, in that chair, is going to have the same

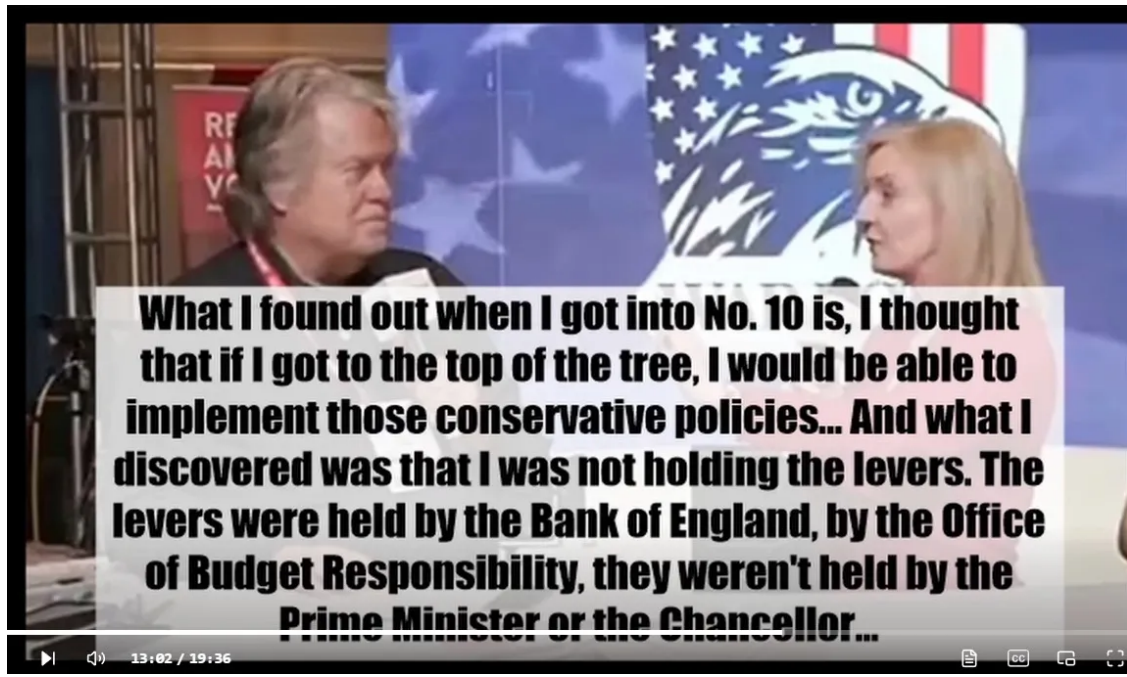

advice given by the same advisors and they'll realize, the President's hands are tied.' I walked out of that room horrified... Why do we even have elections?"

It would be interesting to know who exactly were these *same advisors* that give advice to US Presidents whose hands are tied? Was it they who advised George Bush to invade Iraq in 2003? Were they doing God's work then, because that same [George W. said](#) that, "God would tell me, 'George, go fight these terrorists in Afghanistan, and I did. And then God would tell me 'George, go and end the tyranny in Iraq.' And I did..." Whoever this God was, it's important for us to recognize that the relationships which George W. and Liz Truss revealed, have been the defining feature of our "democracies" for a very long time.

Lloyd Blankfein and God

In 1924, Britain's former finance minister, **Reginald McKenna** said that, following the words of Mayer Amshel Rothschild, "... banks can and do create money. And they who control the credit of the nation direct the policy of governments and hold in the hollow of their hands the destiny of the people." In 1844, British Prime Minister **Benjamin Disraeli** said that, "The world is governed by very different personages from what is imagined by those who are not behind the scenes." **Sir William Pitt**, Prime Minister in 1770 wrote that, "A long train of these practices has at length unwillingly convinced me that there is something behind the throne greater than the King himself." As we now know, that *something* is the Satanic Rothschild moneylending oligarchy or the financiers.

West's pathogenic march of history

Indeed, the role of financiers largely defined the pathogenic march of Western civilization. This may sound harsh, but the same basic methods they used to drive eight million American families into foreclosure while causing the deaths of over a million innocent Iraqis have been employed and refined for centuries now. The quest for nine trillion dollars of Alberta oil was motivated by the same pathological greed as the quest of gold, copper, tin, rubber, coffee, spices, cobalt, or lithium in other parts of the world at different times.

We can now better understand how and why, since the 15th century, Western colonial powers destroyed six major indigenous civilizations around the world (Mayas, Incas and Aztecas, India, China and Japan), along with thousands of lesser cultures, tribes and kingdoms. In the process, the colonial powers largely depopulated the native peoples and replaced them with uprooted slaves. The driving motivation has always been an economic one: an unrestrained quest for collateral needed to fuel the financiers' wealth-extraction process. As **James Galbraith** reminded us, "There is no such thing in economic life as a nonfinancial event ... Finance is the *only* way to understand the economy."

Historian **Ramsay MacMullen** said that if we are to interpret history correctly, we need to understand the motivations of groups and individuals who shaped it. I believe that Regan Boychuk's expose on the nine Trillion Dollar Alberta collateral contributed an important insight, not only into the bankers' motivations, but also the means and ways by which they execute their plans. The events around Alberta oil, Iraq invasion,

the housing bubble, and the subsequent bank bailouts were certainly not random: it is clear that they were orchestrated by powerful interests in our society for their own benefit and without regard for the harm they caused to so many millions of their victims.

In [last Thursday's report](#) I referenced Regan Boychuk's article in which he made a credible case about the way \$9 trillion in Alberta oil resources were turned into legal collateral for US banks and used that collateral to conjure \$5 trillion in mortgage debt and inflate the 2000s housing bubble. The bursting of that bubble precipitated the 2008 Global Financial Crisis and unprecedented bank bailouts for a group of [Global Systemically Important Banks](#), while plunging 8 million American families into foreclosure.

On Monday, I published a more thorough report about this on my personal Substack, titled "[Gods of finance and dogs of war](#)," along with a 19-min. video, which is [also available on YouTube](#). One of the reasons why I believe this story is so relevant is because it strongly suggest an element of criminal conspiracies at the heart of our financial systems, which seem to employ credit to inflate financial bubbles, then collapses them, producing the familiar sequence of booms and busts and the seemingly chronic state of financial crises

The war of words is already escalating.

Japan's 1980s *everything* bubble

In his masterful book "[Princes of the Yen](#)," economist **Richard Werner** detailed how and to what end Japan's 1980s asset bubble was deliberately inflated by the

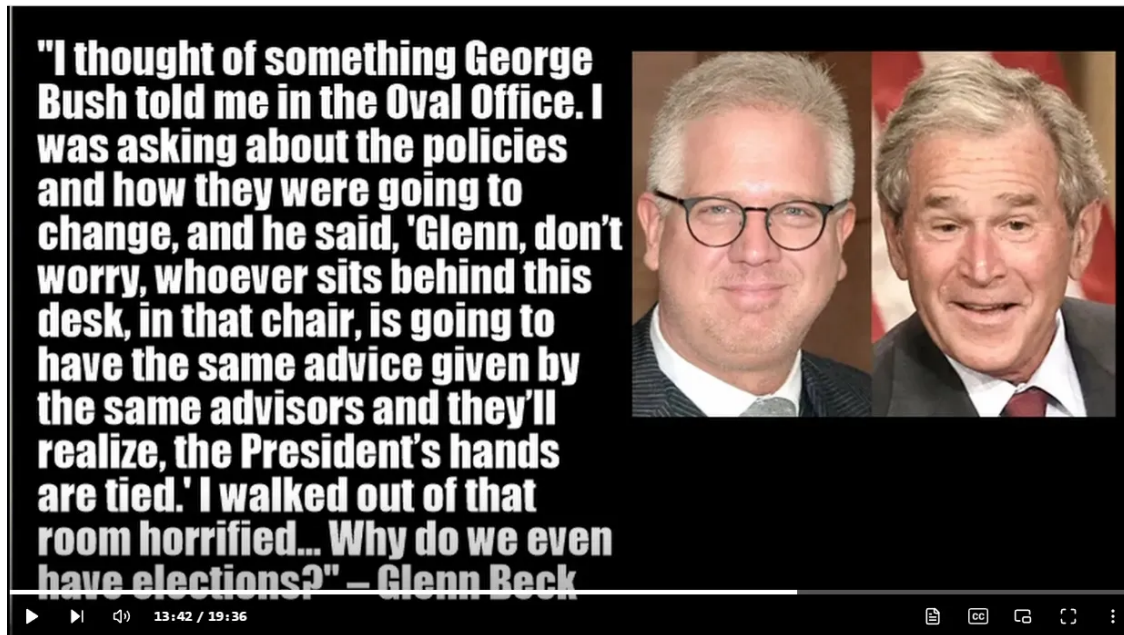

banking interests, and how it was then deliberately collapsed, leaving the Bank of Japan in full control of Japan's economy. Having interviewed many bankers, Dr. Werner concluded that, the BOJ "forced the banks to increase lending" in the 1980s by as much as 15% per annum, knowing full well that to reach that quota, they had to increase non-productive loans (the word subprime was not yet in vogue).

The bursting of the Japan bubble in 1990 took a heavy human toll afflicting ordinary people and businesses. In the immediate aftermath of the stock market crash, more than 5 million Japanese lost their jobs and could not find employment elsewhere. Suicide became the leading cause of death for men aged between 20 and 44. From 1990 to 2003, more than 212,000 Japanese firms went bankrupt and land prices in major cities declined by as much as 84%. But again, the bankers did well for themselves. The BOJ won more than independence: it set itself above the law and took sovereign control over Japan's economy.

Fast forward to 2019, when we could better appreciate [the ultimate fruits of BOJ's labours](#): at the end of March 2019, the BOJ was among the top 10 shareholders of nearly half of all companies listed on the Tokyo Stock Exchange, representing 4.7% of the total capitalization of the first section of Tokyo Stock Exchange. It also held 75% of all exchange-traded funds and 43% of all Japanese Government Bonds representing over 100% of the country's GDP. Thus, the BOJ has appropriated and is continuing to appropriate large segments of Japanese economy with money drawn from its own printing presses, all behind the smokescreen of crises, stabilizations, rescues, stimuli, quantitative easings, etc. Like with Alberta oil, the process ultimately amounts to nothing but plunder on a colossal scale.

It's time to change course

The fact that no high-level banker was criminally prosecuted for any of this suggests that the perpetrators and their enablers who walked away with a colossal loot were never subject to law enforcement in the same way that the rest of us are. The impunity they enjoy under our magnificent democracies virtually guarantees that they will keep on doing it. In fact, they're doing it now: today we're witnessing a scramble for Ukraine's resources and a revamped scramble for Africa. The drive to destroy Russia is motivated by the desire to take control of Russian resources.

Moscow will dictate the terms of peace

In one way or another, whether through military conquest or administrative control, Moscow will return Ukraine back into its orbit and we can expect that the future government in Kiev will realigned with Russia. The role of Western interests will be severely curtailed or they will be kicked out altogether, and whatever deals were signed by Sir Kier and agent Zelensky will be torn up and declared null and void. In the end, not a penny of their "investments" in Ukraine will flow to London or to Paris. Ouch!

A new deal for the US

The United States will be able to recoup some of her investment in Project Ukraine through new deals with Russia, but only on mutually beneficial terms. However, it is obvious that this is a much more attractive alternative for the United States: given Russia's massive resource wealth, the upside will be very considerable, with next to no downside risk. On the other hand, providing a security backstop for the European powers would come with a massive downside and with a very dubious upside potential: the US would have to shoulder the cost of security and risk a military confrontation with a rival nuclear power. The up-side was London's "rare earths" three-card monte dangled in front of Trump by their agent Zelensky last fall.

It was extremely optimistic for the Starmer-Johnson cabal to think that they could pull that swindle past **Donald Trump**, of all people. As [Marco Rubio explained](#), "President Trump isn't going to take that. He's not going to get gamed. He hopes Zelensky isn't trying to hustle the United States, that's not going to be productive here." Of course,

everybody and their dogs by now appreciate that Zelensky gets his detailed instructions from London.

The looming credit event

Absent a miracle, Ukraine is headed for total defeat and London and Paris for bankruptcy. At some point, the capital markets will recognize this for what it is and British and European bonds markets will collapse, along with their currencies. For the moment, this is not the case yet, but some unpredictable triggering event will set off an avalanche which will then precipitate an irreversible fall of the degenerated old colonial regimes in Paris and in London.

By the way, Japan and China have also been dumping European Debt. With Europe pushing for World War III, you have to be insane to buy European debt. European shares hold the risk of capital controls, and you will not get your money out when the first bullet is fired of Europe against Russia WW3.

Russia will be destroyed as the Russian government stupidly walks into deception after deception. Under Putin and Lavrov it will be one Minsk Agreement after another while they wait for Europe to tool up for war.

The financiers and their minions will never relent unless and until they face accountability. But we need to do more than just demand accountability for the crimes committed. If we want to build a world of peace and prosperity, we'll have to rewrite our societies' operating systems. We, the people, must demand sovereignty and empower ourselves to plan a future rooted in a genuine love of humanity. How do we do that? We must simply claim that sovereignty and use it. This place - this planet - is our birthright; we do not need anyone's permission to claim it.

But I point this out as the real problem and solution. All talk of taxation or Capitalism v. Socialism is just more misdirection, since what we have is not Capitalism, it is legalized plunder by the rich and corporate welfare. And what we see coming from the Neo Faux Left isn't Socialism, it is late-stage corruption and planned Satanic societal dissolution. You can't tax or spend yourself out of that, no matter what you do. The

only hope is to pass laws against corporate racketeering and all other malfeasance and enforce them harshly and consistently.

**You must take down the Satanic
Phoenician Empire 2000 Trillion Dollar
Rothschild and Black Nobility in every
country in the world, prosecute them
All, and sentence them with Nuremberg
2.**

But since the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility rich own Congress, that ain't gonna happen.

It now looks like the rich are hell-bent on burning out in some Satanic Sodom and Gomorrah type conflagration of their own making, and it is doubtful anyone can do anything about it, but more distressing to me than that is watching them drag relatively innocent normal people down with them.

But the above is not a failure it is a Feature. It is the Function of Satanism to De-evolve humanity, to turn us all into Satanists, to turn us all into Orcs.

I will be told the Lord will save the righteous, but can you remain righteous while cheering the Satanic Phoenician Empire 2000 Trillion Dollar Rothschild and Black Nobility billionaire frauds or believing their obvious lies? Can you remain righteous while investing with them? Can you remain righteous while taking their thirty pieces of silver or repeating their stories?

This is the Test!

THE ENERGY ENHANCEMENT MEDITATION COURSE - LEVEL TWO

Nick K 5:45 PM to me

Hi Swami,

Thankyou for this wonderful course.

I have been using the techniques for little over a week and have noticed a massive change already. After learning the breathing techniques and energy circulation I continued to automatically, naturally, do this for the entire following day!

My body just kept going and it felt great! Since that I have finished the first 4 initiations and have been working my way through a whole host of blockages.

I have found bloomin loads of em!

It's like Tahriri square during rush hour!

But they are clearing and lots of pain is leaving the body.

I have increased my meditations and I'm finding I can achieve more now I've increased the duration as it takes a while to quieten everything down and get rid of the chitta chatter.

I love your teaching style and feel a wonderful energy even through the laptop screen. I will definitely be continuing with the course as soon as I'm able.

I've also read about 4 of your books and loads of your website, I cant quite believe the amount of content you have but I'm loving it.

I'm also very grateful for the FREE! included level 0 course, it has rekindled my love for yoga!

You and your course are the very thing I have been praying for for a long time! I feel very blessed to have found you.

It's strange, when watching your vids there have been times that your words come through like memories that I cant quite place!

There's something so familiar.

Anyway thankyou again and I look forward to more Energy Enhancement in the near future!

Best Regards Nick

THE REAL THING!!

FROM DON MINIHANES COURSE REPORT - LAST WEEK OF ENERGY
ENHANCEMENT REIKI MASTERY OPTION

"I am now in the last week of the course and I feel like a totally different person. I have regained myself and have been given from nothing having no psychic vision at all at the start of the energy enhancement course, a clarity of psychic vision that is breathtaking."

"As we practiced on each other we came very quickly to realise this. I could literally feel the energy moving inside each chakra as the other person worked within me from several meters away and when I worked on the other person I could see me projecting energy to them and could see where the blockages were within their chakras.

I could force the energy from my centres into their centres and clean their centre bringing the energy full circle back to me. You could tell the state of their chakras by

the amount of energy returning to your own centre and this was achieved by mind power only.

Before I came here Satchi said he would teach me to do it in this way and I was sceptical about this claim. I could never envision me having psychic vision, but I have now, I can now do astonishingly powerful Reiki sessions on people without going anywhere near them and distance healing over any distance is a piece of cake, incredible stuff."

"I am totally de-stressed and have expanded in every way. I feel stronger and fitter and much more mentally agile than I have ever felt in my life. The fog and confusion of life has gone and I feel that I have just received the inside information on everything.

I am ready for anything and am wide awake. I am full of the most incredible energy imaginable and have Energy Enhancement Reiki that is so powerful it staggers me. I know a thing or two about Reiki and had a very strong Reiki connection before I got here, now I have a connection that is beyond description and I have yet to undergo the second initiation this week and then the masters. I have opted to take this as an extra and for anyone who is interested, I believe this is beyond anything you will ever experienced anywhere."

I am now equipped with life tools and healing tools that one only dreams of and there is nothing out there in the world that will ever faze me again. I am absolutely delighted that I decided to come here, because this experience has changed me, for the good of me and for all those that I will touch when I leave here. I am so excited and can't wait to start exploring my new found talents"
